# ABOUT US

Home Care Managers (HCM) takes on the role to provide technical services closer to businesses and individuals.

**We bring business and training opportunities closer to technicians, technical workshops and trainees.**

We boast of accumulated skills, know-how and experiences in all technical works, Principal Customer Industries and Geographies.

HCM supports customers to access, reputable technicians and technical services and vice-versa. We take pride in our delivery thus our clients can always be assured that only the most experienced and qualified technicians are serving them all the time.

# FURNITURE

We specialize in making customized products from all types of wood which includes kitchen, bedroom, sitting room, office and outdoor furniture.

We add a personality to your furniture that will communicate who you are. Besides making, we also get pride in furniture repairs.

# ELECTRICAL SERVICES

We examine the power sources and outlets to ensure proper wiring and prevent electrical shock.

# ELECTRONIC REPAIRS

Our technicians are always on standby to quickly rectify any electronic problem to ensure smooth running of your business. For example; wiring, fridges, cameras, TVs microwaves, washing machines, cookers, etc...

# PLUMBING SERVICES

- We make thorough inspection of your pipes especially under sinks for evidence of any leakage.
- We check for leaks in faucets and the flappers in your toilet tanks to be sure they are not worn out.
- We also take the extra mile to follow through your sewerage lines to mitigate any drainage blockages.
- Look up at your ceiling for water stains, which indicates a leak on the walls.

# METAL FABRICATION

Onsite and offsite fabrications for steel, aluminium, welding repairs and many more...

Give us a design that you want and we shall create that outrageous look in both your home and office setup.

# GENERAL CLEANING

Wide as it sounds, we make a general assessment of the property and segment cleaning schedules.

This ranges from sofas, carpets, mattresses, window and glass cleaning, floor and wall cleaning, cobweb removal and hard-to-reach areas that need cleaning and dusting.

HCM HUB

## INDOOR

We spray all corners, ceiling, rovers, windows, door hinges cabinets and beddings. We exterminate and control all types of pests and rodents through spraying and trapping. Some of the most commmon pests and rodents include; rats, cockroaches, black duds, ants, termites, spiders(cobwebs), bedbugs, mosqitoes, etc... This is normally done after every quoter but depending on how infested your building is, we can do it every month or after two months.

## OUTDOOR

Compound,
Flowers and Trees,
Septic tanks,
Manholes,
Trenches.

# CIVIL WORKS & COMPOUND DESIGNING

We construct new buildings and do makeovers like painting, paving, remodeling, tilting, and filling, flower planting, hedge trimming.

We also do planning, designing and maintenance of traditional but unique and classic outdoor living areas that suits your home.
